

What Building Blocks and Elements did you see?

Authentic Learning

Real World
Purposeful... The ...So what
Relevant to the Here and Now
Audience and Mentors

Blended in Technology

Analog Tools
Digital Substitution and/or Augmentation
Digital Modification and/or Replacement
Digital Tools beyond the device

Centered on Student

Voice and Choice
Ownership
Personalized
Student Culture

Developmental and Formative

Metacognition
Process over Product
Cycles of Formative Learning
Map for Learning

Endless Inquiry

The Open Question
Student Investigation
Spiraling Questions and Answers
Skill Based

Focused on Connections

One or More College and Career
Concepts
At least One Community Focus
(school... local... world)
One or More Standard from Another
Discipline(s)
Transdisciplinary

Grounded in Standards and Assessment

Curricular Content
21st Century Skills
Formative and Summative Assessment
Intentional and Aligned
